

FORBIX SEMICON®

A Design & Manufacturing Company

FORBIX SEMICON® Factory Manufacturers

- Wireless Nurse Call System
- Wireless Panic Alarm System
- Wireless Attendant Calling Systems
- Queue Management Solutions and Token Displays
- Long Range Radio RF Transmitter Receiver
- Wireless RF Industrial Transmitter and Receivers
- Wireless Traffic Light Controllers
- Air Quality Monitors
- Automatic Water Level and Pump Controllers
- Customized Automation Solutions

Products and Solutions

FORBIX SEMICON® Products at a glance

Wireless Nurse Call System

Advanced wireless nurse call solutions for hospitals and senior care facilities. Reliable, scalable, and easy to install.

Wireless Panic Alarm Solutions

Instant alert systems for offices, factories, oil fields, and residential communities. Secure and robust wireless technology.

Wireless Attendant Calling Systems

Efficient calling solutions for guest houses, elderly care, and hospitality. Enhance service and response times.

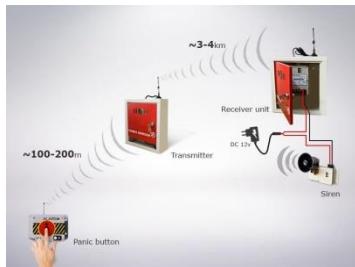

Products and Solutions

FORBIX SEMICON® Products at a glance (contd...)

Queue Management Solutions

Digital token display and dispensers for banks, hospitals, and service centers. Streamline customer flow.

Wireless Long Range Transmitter Reciver (3-4 Kms)

Industrial automation, motor and conveyor control, and alerting over 2-3Kms range.

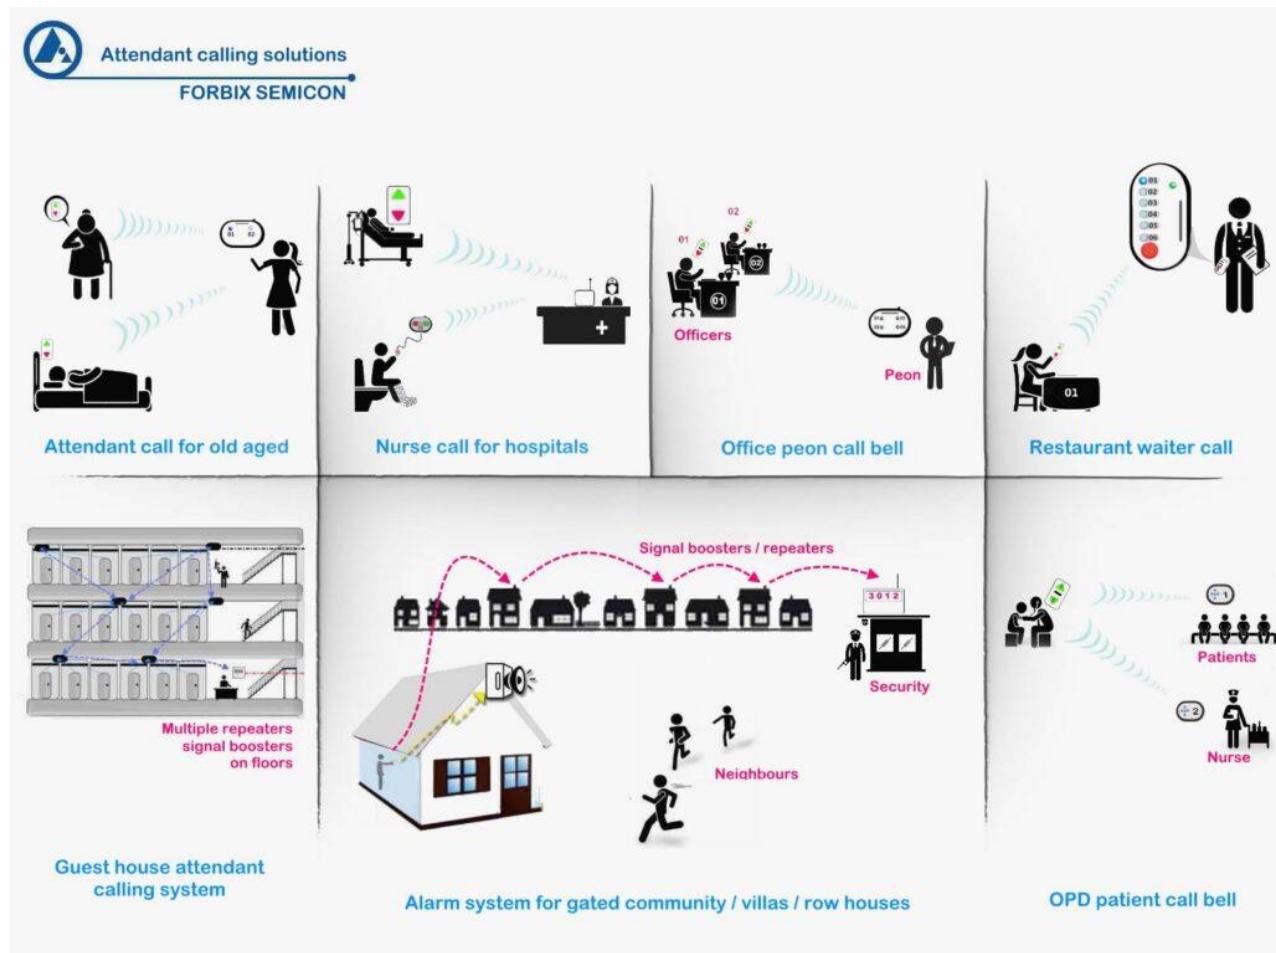

Automatic Traffic Light Controllers

Smart intersections, pedestrian crossings, parking lots, and emergency vehicle priority.

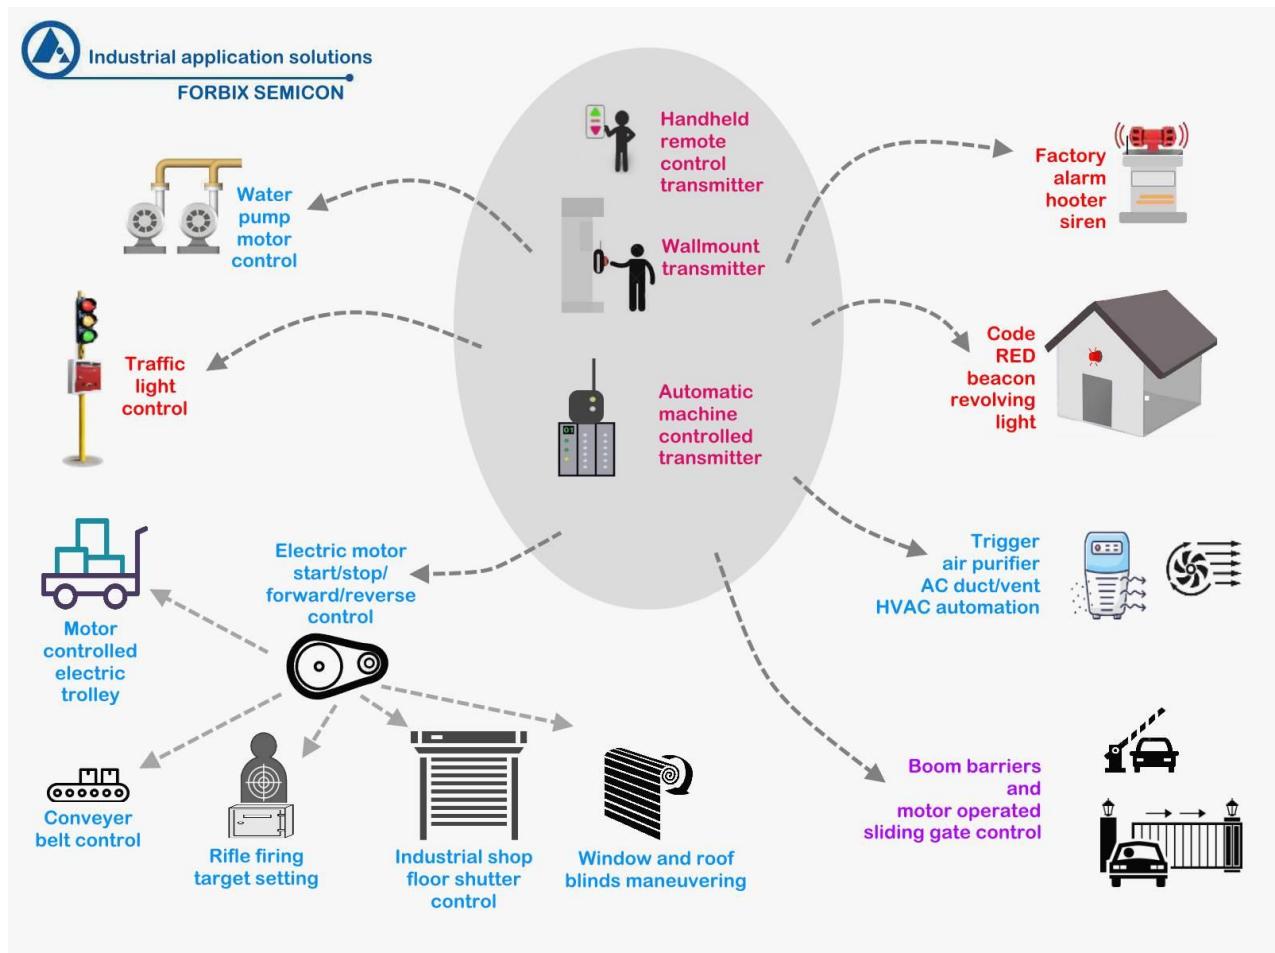

Products and Applications

FORBIX SEMICON® products applications – a brief overview

Products and Applications

FORBIX SEMICON® products applications – a brief overview (contd...)

Wireless Nurse Call System

Components of Wireless Nurse Call System

Wireless Patient Remote Control

Signal range: 30-40m (indoors), 100-120m (outdoors)
Battery operated (3-4yrs battery life)
Elegant, ergonomic, light weight, reliable, durable

Wireless Pull Chord Button

Signal range: 30-40m (indoors)
Battery operated (3-4yrs battery life)
0.8-1.5m pull string

Receiver Console Nurse Station

VGA monitor connection
No need of external computer
Can accommodate over 200+ beds
Multiple display themes
Alpha-numeric bed/room numbers
On the fly user configurable settings
WiFi connection to parallel monitors
Works on 12VDC (adapter)

Signal Repeater Booster

Leaves no corner of the building out of range
Improves poor signal to noise ration (SNR)
Works on 12VDC (adapter)

Wireless Nurse Call System

Components of Wireless Nurse Call System (contd...)

Corridor Module Indicators

Quick indication in the corridors
Alerting blue color lights
Displays room/bed numbers
Beeping sound alert
Works on 12VDC (adapter)

Door Module Indicators

Quick indication outside the rooms
Alerting blue color lights
Displays room/bed numbers
Beeping sound alert
Works on 12VDC (adapter)

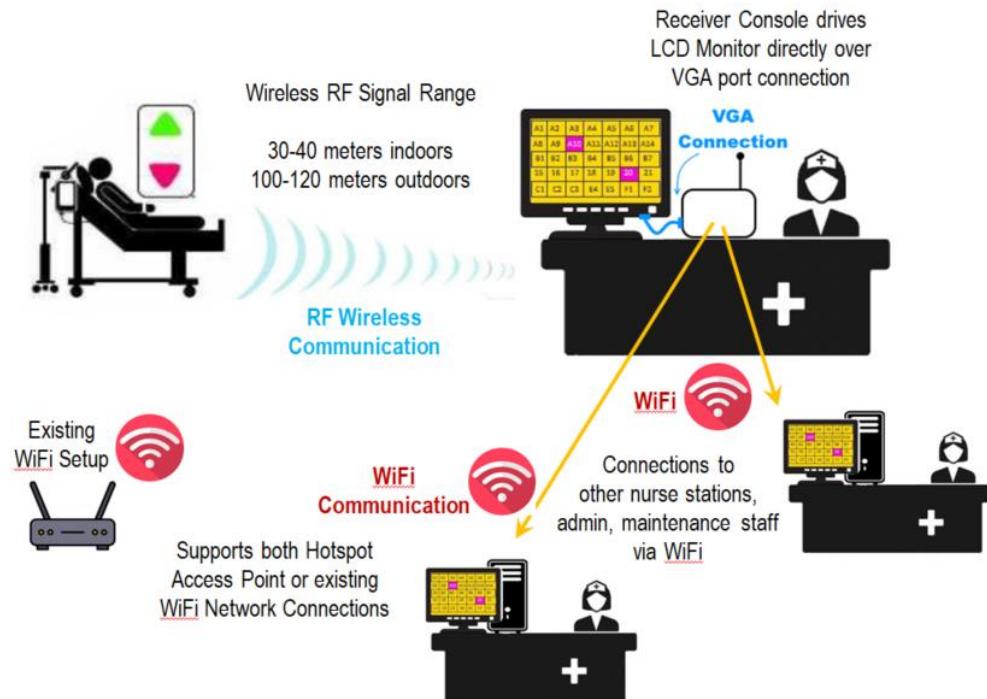

Wired Nurse Call Bell Solutions

Simple cost effective wired call bell with receiver
Supports 10 call bells
Can Expand to 40..100 beds as well
Beeping alert sound
Works on 12VDC (adapter)

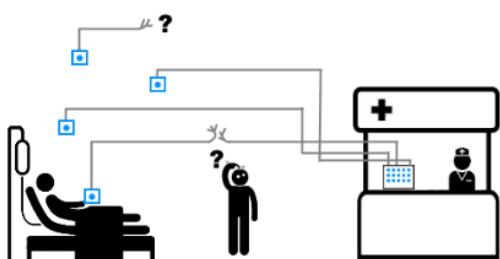

Wireless Nurse Call System

Nurse Call System – Advanced Architecture

FORBIX SEMICON 

No wiring
Quick installation
Zero maintenance
Plug-n-play
Expandable
Modular
Cost effective

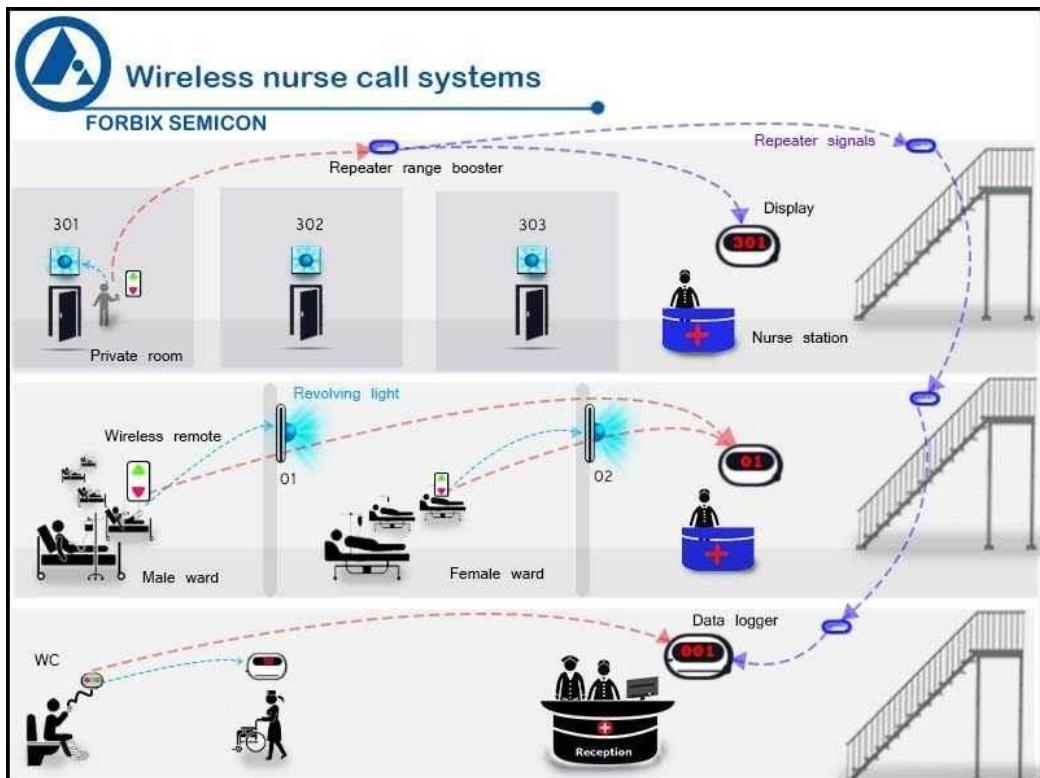

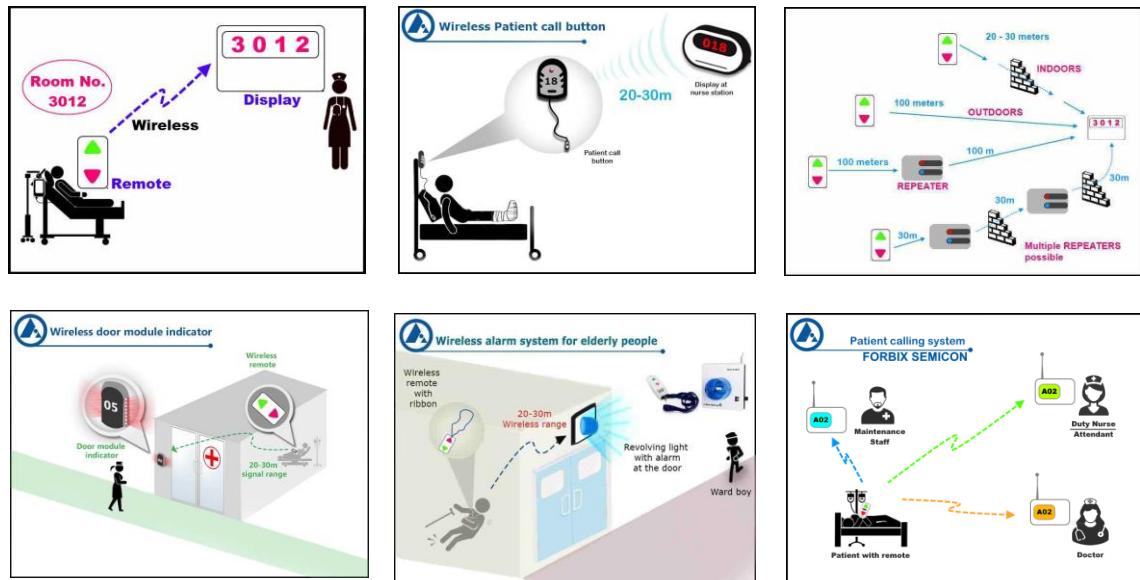

Wired Solution
